

Industry Forum Membership Pack

Introduction

The Industry Forum fosters constructive dialogue between business, government and others influential in determining business-related policy.

Our programme focuses on major topical issues, generally with the relevant government minister or heads of regulatory agencies and other senior level policy makers.

Our events are lively, well-informed and off-the-record.

Our annual programme includes some 20-25 conferences, meetings and dinners a year, the majority of which are held in Central London.

As the European Union becomes the primary source of policy and regulation for many of our member companies, we organise meetings on EU policy with MEPs and top-level officials.

Members of the Industry Forum include leading enterprises and companies from a wide range of sectors.

Founded in the early nineties, the Industry Forum is a non-profit organisation and is not aligned to any political party or organisation.

Increasingly we work with partners and leading companies sponsor many of our activities.

You will find more information about the Industry Forum on our website
www.industry-forum.org

Advantages of Industry Forum Membership

Discuss key issues with the top people responsible for UK business policies

Industry Forum members participate in discussion with government and shadow government ministers, heads of regulatory agencies, EU and EC representatives and senior advisers.

Participate in 20-25 roundtable events a year

Our annual programme includes dinner, lunch and breakfast meetings, the majority of which take place in top quality Central London venues.

Set the Industry Forum agenda

Industry Forum business members and policy makers suggest topics for our events. That way our programme and discussions are of the minute.

Cross-sector discussion with public policy and industry experts

The top-level figures that participate in our events – decision-makers in public policy and regulation and in a diverse range of business sectors – explore issues and options relating to a wide range of complex questions.

Networking opportunities: business and public policy decision-makers

Members represent a very wide range of business sectors. Our convivial lunch, dinner and breakfast events give members extensive opportunities to network informally.

Explore issues at the early stage

Meetings are often held at the early stages of policy development or change, when exchanges are often most valuable. Business members provide feedback and suggestions; ministers and other policy makers/regulators take soundings and review options.

Informal discussion in stimulating company

The combination of senior business people and government representatives makes for a constructive, stimulating and productive dialogue.

Sponsorship opportunities

Industry Forum members are keen to host or sponsor our events, enabling them to support discussions of benefit to themselves and other businesses.

What do Industry Forum Members say?

- “The Industry Forum is an invaluable channel for informal and informative discussion with Ministers on topical issues” **IBM (UK) Ltd**
- “The Industry Forum can take you to the heart of a policy issue with opportunities to listen and question policy makers in and around Government.” **Royal Bank of Scotland**
- “The Industry Forum provides stimulating and productive interaction with Ministers and MPs - with a focus on business rather than politics.” **Zurich Financial Services**
- "The only organisation to provide a senior level platform for dialogue with UK Ministers and senior civil servants in the UK and Brussels on a wide variety of topical subjects." **The Packaging Federation**
- “We have been members of the Industry Forum almost since its inception and have particularly valued the opportunities it has given us to discuss fundamental issues of policy and interest.” **The Quarry Products Association**
- “A chance to explore Government policy relevant to our industry from a wider perspective with Ministers and other stakeholders.” **Water UK**
- “The Industry Forum allows us to engage constructively with senior members of government on a range of issues which are important to our business.” **British Airways**
- "The Industry Forum provides us with a useful networking opportunity and the ability to engage with ministers and other key stakeholders on an informal basis." **National Grid Transco**
- "The Industry Forum has provided us with the opportunity to meet and discuss with Government Ministers and other senior figures on issues that have impact on our industry, and enabled us to inform policy decisions. “ **Construction Products Association**
- “...a great opportunity to discuss the working relationship between business and government and to develop some of the issues which concern the main parties.” **Gallaher Group plc**
- "Industry Forum meetings and discussions form part of the early-warning process which allows us to talk through impending developments with those who are driving the changes and others who will be affected by them." **HSBC Holdings plc**

Invitations and member attendance

Unless you advise otherwise, we will notify all the contacts above of Industry Forum events.

Two representatives of large, medium and small companies (more than 10 employees) and trade associations are very welcome to attend Industry Forum meetings and one representative may attend our dinners where numbers are more limited. One representative of micro companies (less than 10 employees) and individual members may attend our events.

Members are welcome to request additional places at events and, where these are available, they will be charged at £130 (plus VAT) per place.

Membership list

We would like to include a list of Industry Forum members in our communications.

Would you indicate only if you are **NOT** agreeable to this. No listing of IF membership

Sponsor list

Many of our members have very generously hosted Industry Forum meetings and dinners. We would like to acknowledge these and other sponsors, where applicable, in our communications.

Would you indicate only if you are **NOT** in agreement with the Industry Forum including your organisation as a sponsor of an Industry Forum meeting or dinner.

- No listing of IF sponsorship
